Environment take us to the countryside to enjoy
trails such as railway tracks, paths and
discover the village, buildings, tables and people that are
the tip. In this brochure you will find a brief description of
the Órzola to Playa Blanca Nature Trail and the most of
the route you can visit them and offer you the keys to enjoy
discover the villages, sights, buildings and landscapes of our country.

CANARY ISLANDS

ÓRZOLA TO PLAYA BLANCA

STAGE 1: ÓRZOLA - HARÍA

- This stage, around 12 km-long, starts in Órzola, whose port connects the islands of Lanzarote and La Graciosa. Step by step, the travelers will go into the Natural Monument of La Corona, enjoying its badlands and the volcano of La Corona. After 10 km, the town of Máguez is visited and, after leaving behind the crossing between La Atalaya and Peña de María Herrera, this first stage finishes at the town of Haría.

STAGE 2: HARÍA - TEGUISE

- A bit longer than 12.5 km, the second stage starts in the town of Haría, leaving behind the house museum of César Manrique. It goes through the valley of Malpaso, some parts of the trail being a bit demanding and uphill, but making it up for the travelers with the amazing views of the East of the island, sighting the towns of Tabayesco and Arrieta. After completing the ascent near Peñas del Chache, the travelers will shortly after reach the area where the hermitage of Las Nieves is built, a privileged spot from where the beautiful panoramic view of the beaches of Famara can be enjoyed. The stage ends by descending to the monumental town of Teguise.

STAGE 3: TEGUISE - SAN BARTOLOMÉ

- The shortest stage of the Nature Trail from Órzola to Playa Blanca, a bit longer than 9 km, starts in the town

of Teguise. The travelers are seen off from the town by crops cultivated with lapilli sanding, which soon after are based on organic sand with vegetal barriers in the plains of El Jable. This gentle stage ends in the urban area of San Bartolomé, a town located halfway the Nature Trail from Órzola to Playa Blanca and in the center of the island of Lanzarote.

STAGE 4: SAN BARTOLOMÉ - YAIZA

- The fourth stage of the Nature Trail from Órzola to Playa Blanca is, with more than 22 km, the longest of them all. The route starts in the urban area of San Bartolomé, enjoying its rich architectural heritage. The path goes around Caldera Honda and Guatisea Mountain, reaching the town of Montaña Blanca, ascending afterwards between the peaks of Los Morretes and Montaña Blanca. After leaving behind the towns of Conil and La Asomada the travelers will step into the traditional vineyards which are part of the Protected Landscape of La Geria. The town of Uga, prior to the ending of the stage in Yaiza, is linked to the latter by the trail that goes through the badlands, also used by the rows of dromedaries that take tourists for a ride through the Timanfaya National Park.

STAGE 5: YAIZA - PLAYA BLANCA

- The fifth and last stage of the Nature Trail from Órzola to Playa Blanca starts in Yaiza. The path is less and less uphill, and goes through the town of Las Breñas, from

PROTECTED LANDSCAPE OF LA GERIA

where a fun descent of several kilometers starts. There, the travelers go through the archeological site known as Poblado del Termillillo. Soon after, the urban area of Playa Blanca is reached, ending thus this fifth stage and the Nature Trail from Órzola to Playa Blanca, near the beach of the same name.

DISCOVERING LANZAROTE, ITS PEOPLE AND TRADITIONS, WALKING AMONGST DORMANT VOLCANOES

During the hike, the travelers will be able to learn about the many oases, where they will be able to learn about the Géita, the village of La Géita, Tejeda and Valzala, such as the village of La Géita, Tejeda and Valzala, which crosses the volcanic routes with towns such as Haría, Tejeda and Valzala, among many others, where they will be able to learn about the traditions with local people and share a melting experience. This kilometer nature trail is divided into 5 stages that cover the island of Lanzarote from North to South, from Órzola to Playa Blanca. The route can be walked or cycled, as most of it is accessible by bike.

The island of Lanzarote has 5 stages that cover the island of Lanzarote, which they will be able to learn about the traditions with local people and share a melting experience.

These routes take us to the countryside to enjoy
discover the villages, sights, buildings and landscapes to
discover the village, buildings, tables and people that are
the tip. In this brochure you will find a brief description of
the Órzola to Playa Blanca Nature Trail and the most of
the route you can visit them and offer you the keys to enjoy
discover the villages, sights, buildings and landscapes of our country.
